

# ST. LEONARD'S FARM PARK NEWSLETTER

SPRING 2010

Off Station Road, Esholt, Shipley, Bradford, BD17 7RB. Tel. 01274 598795 Email: farmerjames1@aol.com Website: www.stleonardsfarm.com

## High Season admission prices pegged for third consecutive year!

We appreciate that the last two years have been difficult for many of our visitors with the continuing economic uncertainty and effects of the recession and we are very appreciative of your continued support. We continue with our aim to provide the best value for money farm attraction and indoor play centre in the region and are pleased to be able to cap our admission prices for the third consecutive year.

As with any business in the current climate, we are not complacent and later this year we will be making some changes to our admissions policies and opening times to bring us in line with similar attractions (other than price!) to ensure we maintain our very competitive position.

We are currently finalising an exciting programme of spring and summer events that will include a

Heavy Horses at work demonstration, Duck Herding (not to be missed!), exotic animal displays and a series of Falconry and Birds of Prey demonstrations. All these events will be included under general admission at no extra cost to visitors... check out our website at [www.stleonardsfarm.com](http://www.stleonardsfarm.com) for up to date information.

- In 14 years operating St. Leonards Farm Park, we have not had a single attributable case of Ecoli and we continue to do everything we can to ensure our visitors health and safety.
- E-Coli is a bacteria present everywhere in the environment, including the gut of some animals.
- Humans can become ill by ingesting (eating) this bacteria.
- Last year, there were 20,000 recorded cases of E-Coli illnesses in England, Wales and Northern Ireland, mostly due to contaminated foodstuffs or poor hygiene in relation to food preparation.
- This bacteria can easily be washed off hands using soap and water.

**REMEMBER!! ALWAYS WASH YOUR HANDS AFTER CONTACT WITH ANIMALS!**
